

Water Heater Code Update

Prices reflect items being added to a full W.H. replacement

1. Combustion Air	Protects against fire caused by Gas water heaters. May need to have someone else cut the holes.	\$0.00
2. Expansion Tank (with t and fits.)	Keeps water damage from happening, and protects the city meter. Added with brass fittings: less corrosion and lasts longer.	\$245.00
3. Expansion Tank (Only)		\$173.00
4. Garage elevated	Protects against fire in garage from gaseous fumes.	\$144.00
5. Insulation pad on concrete	Protects heater from rusting out and thermal draw.	\$29.00
6. Seismic straps	Protects against earthquake movement, and fire hazard. Price is good for up to 50 gal.	\$122.00
7. T&P same or better		\$0.00
8. Permit (City of College Place, Walla Walla City, and Walla Walla County)	Required by the laws of the land. Protects against bad workmanship and its damage.	\$56.00
